

Name of the project: Cholera Awareness

Local committee: Duhok LC

Standing committee: Scoph

Location: Domis Camps school, Duhok

Date: 5 /April /2018

Time: 1:00 Pm

Aim: To increase the awareness of Cholera that may affect each family at some stages.

Plan of action:

first of all we did a presentation for the kids and then talked with them about Cholera and on how to protect themselves from the disease and prevent it. Other than that we also did some other activities for example (blood sugar, blood pressure, eye examination and BMI) and finally we wanted to give them some fun time so we drew on their faces with lots of colors.
