

## Side effects of technology

**Local committee :** Duhok LC

**Standing committee:** SCOPH

**Location:**duhok\_sharya (sharya high school)

**Date/Time :**2/11/2017 ; 3pm

**Aim:** we live in the technical era which has many positives and negatives ,in my project I focused on the negatives of technology because there are many effects of technology which are dangerous a little bit and may cause serious problems to people especially children and teenagers if they weren't aware about them ,so I aimed to give people especially students some information about negative sides of technology and how to avoid them so that they could live in the real life not the life of imagination ..

**Plan of action:** I collected information, I made more than 40 leaflets for students. then we visited sharya high school and explained them to more than 203 students, involving them with the best tips ,after we finished it, We distributed leaflets on students in addition to that we made an estimation cards on which students wrote down their opinion about t how the projects was in general.

**Project leader:** sura saeed qasim

**project assistant :**Azad thiyab issa

**Participants:**

1. Nizar haji Ilias
2. Nada omer dawod
3. Reving sagvan salih
4. Sosman shvan mohammed.
5. Shaimaa Amer Mahmood

**Cost: None**

**Found raising: None**

**Collaboration with other organizations: None**
