

## **10- Name of the project: thalassemia awareness**

Local committee:Duhok\_LC

Standing committee :scoph

Aim: To increase the awareness for one of the most common blood disorders(thalassemia) and encourage people to donate blood for those in need.

Plan of action :since thalassemia is very common in our society,so we wanted to choose the best way to spread and increase public understanding for this disease,which was making a video that included 3 parts the first part was giving an explanation of thalassemia by a haematologis(Dr.Fahad Abdullwahab),the second part included patients with thalassemia reviewing their routine life and complications, both first and second parts were done in Jin Hematology center .As for the third part it was done in college of medicine(new building) this part included members of IFMSA encouraging people to donate blood.

PROJECT LEADER: Zhvan Muhammed Numan
