Description: it was under GLOBAL program

And a collaboration with Y_PEER network and UNFPA

it consist of 3 parts

1st: a 1 day training for 20 of IFMSA members (25/MARCH) By Ypeer network and also Dr.Nawfal Rasheed who is specialized in STIs gave a presentation about (HIV)

2nd : the trained members went to Azady hospital to raise awareness about HIV and they distribute leaflets on patients (6/April)

3rd: Mini festival was done for Ypeer network and IFMSA to introduce them to people and also they made awareness about sexually transmitted Diseases specially AIDs/HIV AND and prostate cancer in addition there was a musical part and a competition for people to ask them questions about our stations and we gave them gifts

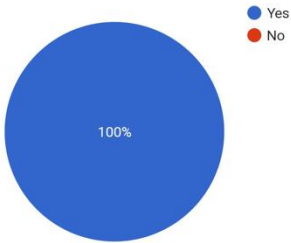

About 500 leaflets of HIV and 100 leaflets for IFMSA introducing were distributed during the 3 parts

The Feedback results:

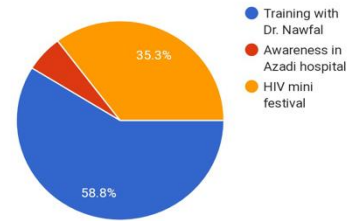

Was the project helpful ?

17 responses

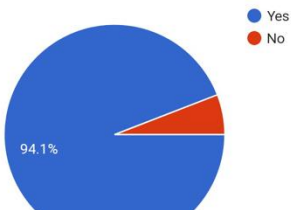

Which part was the best ?

17 responses

Do you want the project to be repeated next year ?

17 responses

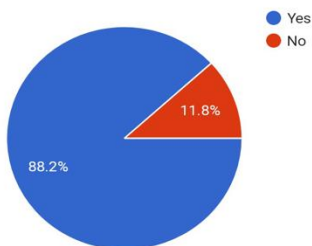

Why ?

17 responses

- Extra informations about HIV
- I loved his presentation
- Because we Provide information to alot of people so we feel that we help them
- It was a nice feeling to talk to patients and other people in the hospital they seemed

Did this project add something new to your information ?

17 responses

Why ?

17 responses

- It was a nice feeling to talk to patients and other people in the hospital they seemed really interested to get some informations about HIV and how to be aware of it.also many appropriated us for doing such project
- Dr nawfall is the best doctor
- It was good
- It was so well organized and added new things to me.
- It was the most helpful one
- He improved my information about the HIV
- Fun and full of good information
- Because he gave us some essential information useful for other parts.
- Because its more affecting than the 2

Any additional comments?
