

Project Report

NAME OF THE PROJECT: Prostate Cancer Awareness

LOCAL COMMITTEE: Duhok-LC

STANDING COMMITTEE: SCORA

LOCATION: Duhok, Azadi Park & Da Vinci private school

DATE: first part: April/19th , second part: May 4th

TIME: 1st) 1pm to 2:30pm 2nd) 4pm to 7pm

AIM (why did you do this project? what did you want to achieve?) : To spread the awareness about a major common cancer, yet most of the people aren't aware of it!

PLAN OF ACTION (a description of what have you done):

For the first part, we made a contract with Da Vinci Private school to do the project in their school library and to provide us with the required materials, (like data show, pens, printed papers and etc..), we had to choose students of 10th grade since it's the highest grade in the british school, on the project day we gathered in the library room , there we were followed by the students, about 25, after they had finished their lunch break, and we started with lecture that took 80mins, there we explained some basic information about the cancer, and answered many of their questions.

For the 2nd part: it was a mini-festival with STIs/Hiv awareness project in azadi park where we had leaflets about the Cancer to give to the people of duhok, there we explained the cancer's main factors, symptoms and the tests that should be used to diagnose it.

PROJECT LEADER: Dani Badal Hayder

PROJECT ASSISTANTS:

Ibrahim Muhsin Ibrahim

Maawa Hussein Haleem

Alaa Ahmed Hamdy

Yaser Saad

THE NUMBER OF IFMSA-MEMBERS PARTICIPATED:

Mehran Newroz

Hasan Salih

Sakar Ezzat
