AIM :A Collaboration between SCORP and SCORA that aims to make a change in our community for Women in different aspects of life. The violence should be stopped and in order to reach that we have to help each other and differentiate between our Right and our Duties towards our family and community. PLAN OF ACTION (a description of what have you done): We wanted to reach our goal by a videoing a video supporting and showing how amazing things a woman can do and if they are together the achievements will be much greater. In our project we wanted both males and females to participate and not only females to show that the women have all the support from every side and she only has to start develop herself!
